Smiling is infectious. You catch it like the 'flu'. When someone smiled at me today I started smiling too. I passed around the corner and someone saw my grin. When he smiled I realized I'd passed it on to him. If you feel a smile begin don't leave it undetected let's start an epidemic and get the world infected!

NICOLE'S PRESCHOOL

December's Festive Fun and Learning!

This December was filled with joy and excitement at preschool as our little learners delved into the magical world of Christmas! Of course this season is known for the joy of giving and receiving gifts. The children engaged in a hands-on activity wrapping wooden blocks with colourful wrapping paper as "presents" for our classroom Christmas tree. It sparked their creativity, worked those fine motor skills and introduced them to the wonderful art of gift-giving.

We also dove into the fascinating world of magnetism. Bells, magnets and Magnatiles became our tools for discovery, as the children explored the principles of attraction and repulsion. They also enjoyed making cards for each other and role-playing at our Candy Store!

To embrace the spirit of community and foster a sense of togetherness, the preschoolers cast their votes on their favourite part of Christmas! They loved sharing their experiences. The highlight of our month was our annual Dessert Night and Christmas concert. We rented the Pilot Butte School's gym and all of the preschool classes and their families brought a delicious treat to share for our Dessert Potluck. At home the preschoolers decorated a large paper Christmas shape and wore it while singing songs for everyone.

Our young stars shone brightly! After the performance Santa dropped by to deliver a treat bag to all the children. Special thanks to Mrs. Darla Verity for playing the piano for us and to Papa Ray Chisholm for another year of helping Santa with a very special "Ho Ho Ho" job!

The month ended with a special in-class party. Happy Holidays everyone! See you in the New Year!
