Serving Pilot Butte
& District for
31 years!

Year 31 Issue 2

ED ZSOMBOR

It is with profound sadness that the Town of Pilot Butte mourns the loss of a champion of our community.

Ed, a former Mayor and Councillor for over 25 years, passed away suddenly on Monday, July 3, 2017. His passing will leave a void that will never be filled. He leaves to mourn his passing his wife Marian and three daughters, Sheena (Stan); Lori and Naomi (Todd). He was blessed with 5 grandchildren, Tiffany and Austin; Calvin; Anika and Elizabeth. He is also survived by his brother Ron and his family, as well as numerous nieces and nephews and in-laws.

Ed started in politics in Pilot Butte in 1985. He was elected as a Councillor and then in 1988, ran for and was duly elected Mayor. He was Mayor until 2009. He then ran for Council again in 2012 and was re-elected as a Councillor until 2016.

During his tenure as Mayor many capital projects were started and completed. They included the Recreation Centre expansion; paving the town streets; rebuilding and replanting after the Plough Wind of August 26, 1995; purchase of land for the Rodeo, new Lagoon and Water Treatment plant; lagoon relocation and expansion; central water; and ongoing residential development. Many of the capital projects were funded by grants and Ed and the Council of the day ensured that any grant money was applied for. Overall, an estimated \$15,000,000 in grants can be attributed to these dedicated politicians.

While Mayor, Ed served on the White Butte Regional Planning Steering Committee; Regina Regional Economic Development Authority; Wascana Creek Watershed Authority; Saskatchewan Urban Municipalities Association; South Central Area Transportation Committee and the Highway #1 East Transportation Study.

Ed was also a volunteer in many other areas. He was a charter member of the Knights of Columbus and the Pilot Butte and District Lions Club as well as a member of the St. Agnes Catholic Church Parish Council and the Golden Sunset Club. He worked on the 1988 Facility Expansion, annual Rodeo, Western Canadian Junior Men's Fastball Championships, Ladies Night, 125th Celebration, Family Fun Day, annual Haunted House along with many other fund raising functions.

He had retired from his chosen profession as a civil engineer with the government, however he was happily working part time with the Commissionaires up to the end of June 2017.

In early 2007, Ed and his wife Marian of 43 years at the time, travelled to Australia. He was invited to speak in Australia about the future of short line rail in that country at a symposium presented by the Railway Technical Society of Australasia (RTSA) and Charles Stuart University.

Australia MP, Paul Neville, heard Ed speak at the symposium and asked if he could speak to federal representatives. He testified about his Saskatchewan short line railway experience to the Government of Australia's House of Representatives Standing Committee on Transport and Regional Services. Ed said that the experience, along with the rest of the trip, shows Saskatchewan Highways and Transportation is getting kudos for its work and innovation.

Ed spoke of his experience: "That's a big plus for what we're doing here in Saskatchewan. It's nice for all of us to get international recognition for it," said Ed. "Hopefully this experience inspires others to be just as proud of their expertise and innovation."

In 2009, Ed was nominated and presented with the "Scoop Lewry Award". The award is presented by Saskatchewan Urban Municipalities Association in recognition of outstanding service in municipal government or administration, on a local and provincial/national basis.

In June 2011, Ed was inducted into The Saskatchewan Transportation Hall of Fame for his work in and for the railway system in Saskatchewan.

Ed was a permanent fixture around town, providing counsel and sage advice to those who wanted and/or needed it! His wisdom and knowledge knew no bounds particularly when it came to the "University". Ed will be truly missed by many (and some not so much but that was ok - he believed everyone had a right to their opinion and his motto was to "not take anything personally").

THANK YOU - We would like to thank everyone for the support we have received since losing our home in a devastating fire on July 15th.

Special thanks to the Pilot Butte, Balgonie and White City Fire Departments for battling and containing the fire and for consoling us and our family (especially our three Grandson's whom watched their Grandparent's home burn down, knowing their puppy was inside.)

- ◆ To our friends and neighbours whom opened up their homes to us and our family. **Thank you.**

- ◆ To the businesses and people in town that set up fundraisers for us and those that supported them. **Thank you.**
- ◆ To our friends who organized a benefit night for us, to all the people and businesses who donated items for the benefit and those that came and supported it. **Thank you.**
- ◆ To all the people that reached out to us by texts, calls, cards, hugs, etc. **Thank you.**

We are truly fortunate to have such wonderful people in our lives and to live in such a great community!

BOULEVARD PARKING

“Winter is Coming, YO HO, YO HO; Winter is coming with ice and snow” – old English folk song

However much we might like to avoid it, winter is coming. That means snow removal. And **THAT** means that, for the winter season, residents must remove trailers and any other items stored or otherwise parked on the boulevards. Vehicles that are being used every day may be parked on the boulevards for periods no longer than 72 hours starting at the end of October. The 72- hour restriction does not mean that you drive your vehicle around the block and re-park it every 72 hours. It means that any vehicle not in regular use should not be parked on the boulevard for the winter months. The boulevards are provided to you for your convenience but they are Town property and, for ease of snow removal, the Town requires them to be unobstructed for the winter. **Properties in Violation will be ticketed by the Bylaw Enforcement Officer. Please remember that there is NEVER parking allowed on the travelled portion of the road where no curb exists.** The Town thanks you in advance for your cooperation and appreciates your commitment to making Pilot Butte the **BEST** town in which to live.

SEWAGE BLOCKAGE - If you suspect you have a sewer blockage, the line **MUST** be checked by the Town Maintenance Staff. Payment may be refused (at the discretion of the Director of Public Works & Maintenance Operations) if this condition is not met. A maintenance man is on call after hours for emergencies and is available by calling **306-781-4547 Option 4**. Thank you.

Nicole's Preschool

Back to School!

Welcome back to a new school year! The smiles of new and returning children have been the highlight of my days. The preschoolers have been busy this month settling in to our

classroom routines, making new friends and preparing for a fun year ahead!

Our focus this month was on developing a warm and inviting atmosphere where everyone feels safe, secure and happy! We also spent time learning how to use basic school tools like glue, scissors, paint and markers. You never know when a moment of artistic inspiration will arrive so we want to be ready!

Making new friendships also require some special "tools". We learned or reviewed various friendship making skills like sharing, taking turns and working together. Our class mascots Squeaky the Squirrel puppet and Snowy the Sheep enjoyed performing puppet shows for us and the preschoolers gave them excellent advice if the two puppets needed to make a sharing plan!

The month ends as we look forward to our first

field trip of the year to investigate the wonders of Fall! We will tell you all about our adventure next time! Have a great month!

At Home Fall Fun - Pumpkin Pie Playdough

Ingredients:

- 3 cups white flour
- 1 1/2 cups salt
- 1 T cream of tartar
- 2 T pumpkin pie spice
- 1 tsp cinnamon
- 3 cups water
- 2 T oil
- food coloring: 20 drops of red and 45 drops of yellow

Directions:

Mix all the ingredients in a saucepan. Cook over medium heat and stir constantly for about 3 to 5 minutes. It will look runny and begin to form into a ball as you cook and stir it. (Even if it looks too watery, just keep stirring and cooking it.)

After it forms into a ball in the center of the pot and you can no longer stir it (it will get very thick), remove the pan from the heat.

Remove the dough from the pan and knead it well. You may need to add some flour to get it just the right consistency (but don't add too much or it won't be as soft and pliable

Cool and store in an airtight container.

A message from the RM of Edenwold

Great Plains Road walkway announced

Ratepayers and business owners requested a safer way for pedestrians to navigate a walk along Great Plains Road and the intersection of Great Plains Road and Emerald Park Road. The RM of Edenwold planning staff, working with RDBB and the Ministry of Highways, has come up with a plan for a walkway that will be built in phases from Tim Hortons in Emerald Park through to the Emerald Park Soccer Fields. Three raised pedestrian crossings will be included near Communiskate and in front of and behind the RCMP detachment. For more information about the walkway and timing plans, see the RM of Edenwold website at: <https://rmedenwold.ca/community/news>

Road and paving projects update

As the weather turns, road maintenance and construction projects are wrapping up for 2017. This year the RM of Edenwold as able to complete the clay capping of seven miles of Grid Road 734, the paving of Bardel Crescent at Crawford Developments, the paving of Butte Road from the Hwy #1 North Service Road past Spruce Creek Estates along with the paving of the internal streets in Carson Business Park. The repaving of Nicklaus Place in Emerald Park will be completed this year as will Diamond Road and Pearl Crescent if the weather holds, otherwise these two streets will be repaved in spring 2018.

Canada 150 events wrap up

The RM of Edenwold finished up a year of Canada 150 events that included sponsorships of several annual events in neighbouring communities (co-sponsoring fireworks for White City's Family Fun Day, Balgonie's Canada Day and sponsorships of the Pilot Butte Rodeo and Saskatchewan High School Rodeo), the Legacy Tree project with trees given out to every elementary aged school child in the area, a Threshing Bee in August and on September 8 a lunch for residents and staff at William Albert House in Emerald Park. "We joined our ratepayers to celebrate Canada's big year with big events," says Reeve Mitchell Huber. "We were pleased to have been given the opportunity to recognize the contribution the RM and our residents have played in the history of our country."

Emerald Park Soccer Centre construction site on September 19.

Soccer Centre construction on schedule

The new Soccer Centre at the Emerald Park soccer fields is on time and scheduled to be completed in October. Sponsors for the project who have come on board include: Gang-Nail Trusses, Cindercrete, Electra Sales, Brandt, AECOM, Tim Hortons Emerald Park and Western Potash. "Sponsors for the centre are still welcome to be a part of this community project," says Paige Boha, Planner with the RM. "This centre will be a great Canada 150 legacy for the residents." If your company or organization is interested in sponsoring the centre, contact Paige at: p.planning.rm158@sasktel.net

Wastewater treatment project update

Detailed design work is underway and construction is scheduled to begin mid-November 2017 on a new wastewater treatment facility. The treatment plant is scheduled to be operational by the summer of 2018. In April 2017 the WCRM158 Wastewater Authority entered into agreements with the federal and provincial governments to fund the new wastewater treatment facilities and associated works, totalling \$21,900,000. The first phase of the project includes a new wastewater treatment plant designed to serve 15,000 people.

The News and viewS would like to thank the Pilot Butte Recreation Board in conjunction with Sask

**Saskatchewan
LOTTERIES**

Lotteries Assistance Grant,

for ongoing donation to our newsletter. The donation from the Rec Board enables the News and viewS to keep publishing and aids in local sports, culture and recreation advertising. Our continued thanks for the support!

The grant allows expansion of the News and viewS as necessary, with local content, assorted advertising and hopefully making it more appealing and interesting to read. The Town of Pilot Butte also provides financial funding as well as continued support in other ways. The Town has pledged to ensure that the News and viewS will publish, no matter what! Thank you to the Town for their continued support. It takes a tremendous financial worry off of the volunteers!

The R.M. of Edenwold also supplies the newsletter with financial funding and we use a portion of these funds to send copies of the newsletters to some R.M. residents. This financial windfall (for us!) is enabling us to produce a larger, more attractive newsletter for your enjoyment. We hope that we can continue to provide a quality of newsletter that makes us the "must read" item each month.

We truly appreciate the support.

Talkin' About BodyTalk!

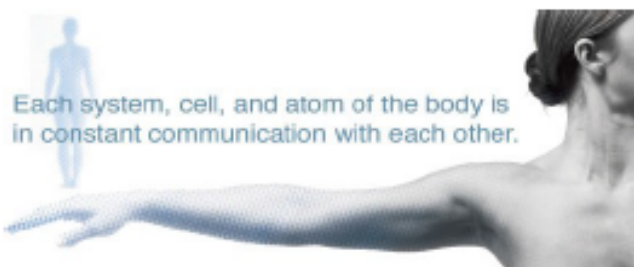

What Can I Expect During a Session?

When a client shows up for a session he/she will be asked to sign a BodyTalk consent form. As well the practitioner will review the client's general health and take a brief health history to assess where the client has been storing his/her life experiences.

The client will then lay on a massage table, fully clothed, and face up. The practitioner will then tune into the client by making contact with his/her hand and begin the session. The practitioner asks the client's body what the priority areas for healing are (this does not mean the practitioner is asking your conscious mind the questions—you do not have to answer any questions—this is not a test) and once all of the details are revealed the practitioner simply taps the head, heart, and abdomen to facilitate the changes.

Join Chrysa for a BodyTalk Public Presentation Thursday, October 12th at 7:00 pm. at the Pilot Butte Library. Juice and dainties provided!

Each system, cell, and atom of the body is in constant communication with each other.

Session Dates for October:

10th, 12th, 16th, 18th, 20th, 27th, 31st
between 9:30 am and 3:00 pm.

If my body can heal itself, why do I need you?

The role of the practitioner is to be a neutral observer in a person's healing. The client's ego usually steers a person astray—we start to build our lives in a way where we feel safe and comfortable. After years of building walls or beliefs/coping strategies, we can look around and see that the walls we have built are very high and instead of keeping people out we are actually prisoners of our own ego! BodyTalk helps remove these walls at a pace the client can handle.

I'm really interested in a session but your availability sucks. What can I do?

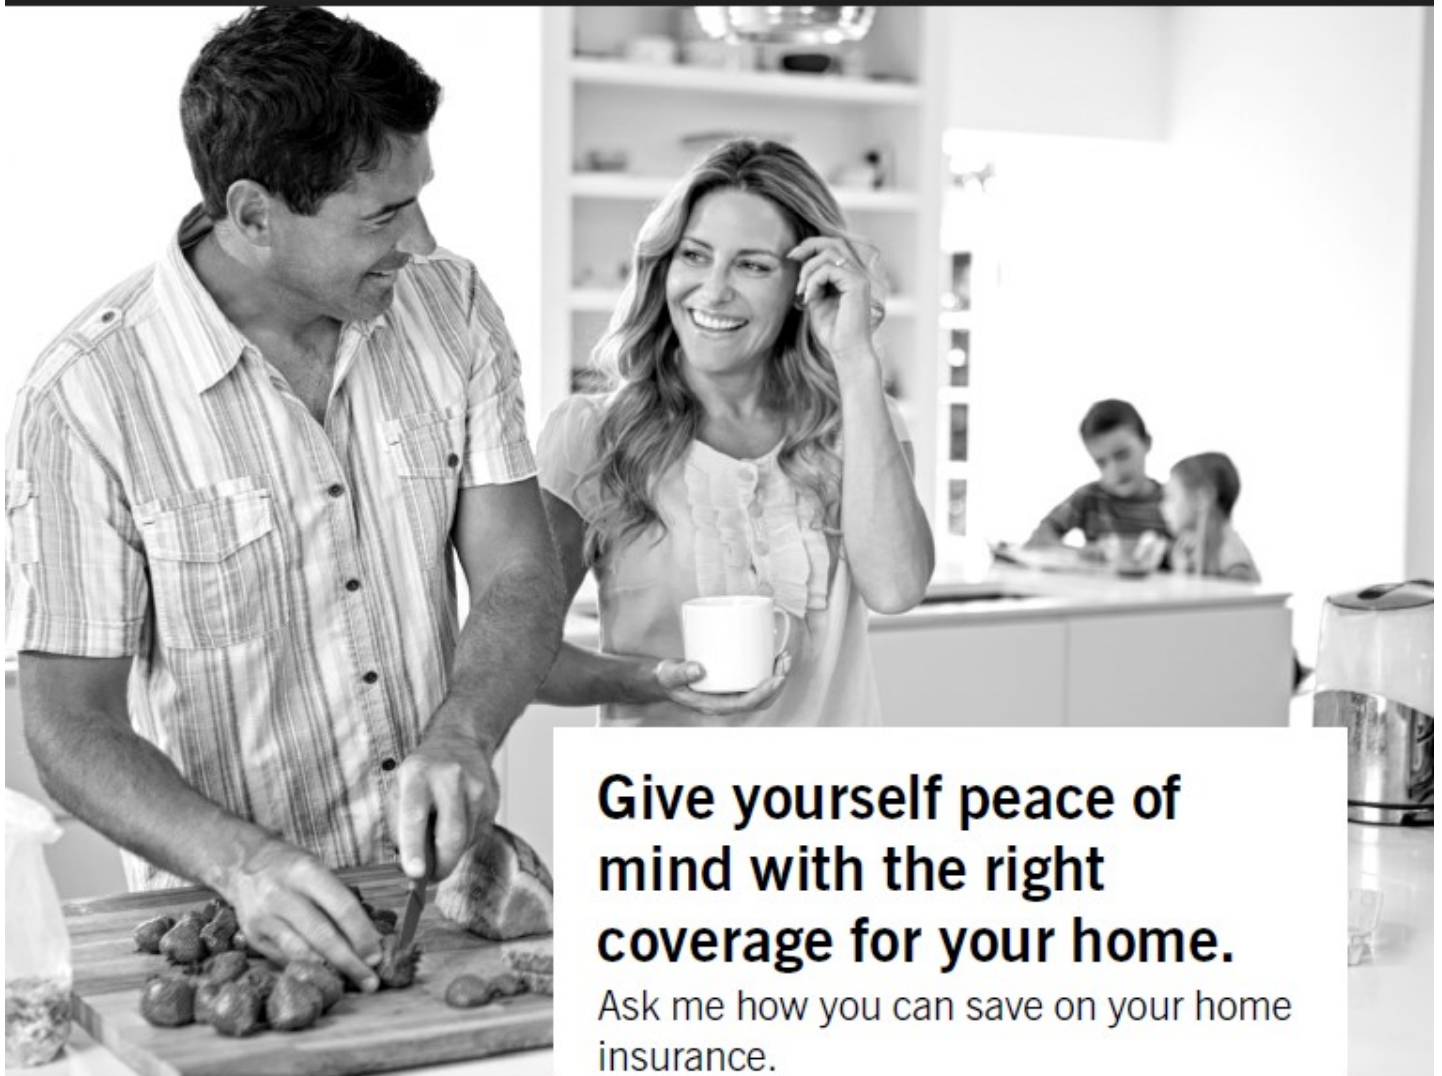

Ideally a client would be able to take some time from his/her busy schedule to come for a session. However, sometimes that just isn't possible. Another great thing about BodyTalk is, that even if a client and practitioner cannot get together for a session, a practitioner can do a distance session for the client (which is just as effective as an in-person session). The client is able to go on with their day while still receiving the benefits of BodyTalk!

To book a session or ask questions text/phone (306)-331-5569 or email chrysap@sasktel.net. Introductory rates for October: First sessions for Adults/Seniors \$60, Children \$50 (cash or etransfer).
