“2018 Limited Edition” Pilot Butte & District Phone Directory In Colour!

The **Pilot Butte Phone Book Committee 2018** and **Pilot Butte School** are pleased to partner together in order to provide a fundraising opportunity for the students of our school and the community!

This “2018 Limited Edition” and “In Colour” Pilot Butte & District Phone Directory will be available in **early April**. For the first time ever, it will be printed in **colour**! The last phone directory was printed in 2013.

The Committee wanted to ensure that the school children of Pilot Butte benefit first from any profits from the sale of the phone book. This year, the school has agreed to allow the committee to forward \$2.00 from every phone directory sold through the school, to the school for their many

activities. We ask that you and your family support this worthwhile endeavour.

The price for a **colour phone directory is \$10.00.**

In addition to the school, the Pilot Butte Library, the Town of Pilot Butte (Christmas Decorations) and recreational projects proposed for the community, will also be the beneficiaries of all the profits from the sale of the phone directory.

Where possible, we encourage you to contact the school **between March 20, 2018 to March 29, 2018** to order your phone directory @ 306-781-4488.

After March 29th, a limited number of phone directories will be available around town for purchase. However, the more phone directories bought through the school, the more funds raised for the school and the children.

Your help raising funds for Pilot Butte School and other worthy community projects, is appreciated.

Thank You for Your Support!

If you are a resident of the Town of Pilot Butte and **are not** receiving town notices and information using this system please contact the **Town Office at 781-4547 Option #1 or email the town at townofpilotbutte@sasktel.net**. BOULEVARD PARKING

However much we might like to avoid it, winter is here. That means snow removal. And **THAT** means that, for the winter season, residents must remove trailers and any other items stored or otherwise parked on the boulevards.

Vehicles that are being used every day may be parked on the boulevards for periods no longer than 72 hours starting at the end of October.

The 72- hour restriction does not mean that you drive your vehicle around the block and re-park it every 72 hours. It means that any vehicle not in regular use should not be parked on the boulevard for the winter months. The boulevards are provided to you for your convenience but they are Town property and, for ease of snow removal, the Town requires them to be unobstructed for the winter.

Properties in Violation will be ticketed by the Bylaw Enforcement Officer.

Please remember that there is NEVER parking allowed on the travelled portion of the road where no curb exists.

The Town thanks you in advance for your cooperation and appreciates your commitment to making Pilot Butte the BEST town in which to live.

SEWAGE BLOCKAGE - If you suspect you have a sewer blockage, the line **MUST be checked by the Town Maintenance Staff**. Payment may be refused (at the discretion of the Director of Public Works & Maintenance Operations) if this condition is not met. A maintenance man is on call after hours for emergencies and is available by calling **306-781-4547 Option 4**. Thank you.

Antique Appraisal Event

If you were not able to take in the recent Antique Appraisal Event held on March 4, 2018 in the Pilot Butte hall you will want to keep your eye out for the next one. The event was a qualified success. Appraisers Lorraine Agopsowicz and Susan Clon reviewed 40 to 50 items giving owners an estimate of their probable age and value. A great variety of antiques and collectibles ranging from chinaware to jewellery; first edition books to vintage clothing and quilts; stationery and lamps; weapons, art and sculpture were brought forward for the appraisers to evaluate. Some truly lovely and unique articles invited the interest of those who came to observe. The highest valued piece was an ivory sculpture whose estimated value started at \$1200.00.

The sound system was not able to capture voices as well as might have been hoped but otherwise observers were able to view items being appraised and had access to the resulting comment sheets.

Tea and Coffee were provided by the Blue Rooster Café and Studio with homemade cookies, squares and muffins from the committee members.

The event, which was filmed by Access Communications representatives Reena Holowski and Greg Stanton, will be ready for viewing on-line by the end of March.

The Arts and Culture Committee would like to thank all those who were involved, either by bringing items for appraisal or by coming to observe the proceedings. It was very gratifying to have such an enthusiastic response to the call for participation in the appraisal event. The Committee hopes to continue to offer such events in the future.

A message from the RM of Edenwold

New office in Emerald Park

Council approved the build of a new office for the RM of Edenwold. Construction is to begin in spring 2018. As the municipality continues to grow, so does the need for more office space. "We addressed the public works department's need for a bigger building in the past couple of years. Now it is time to deal with our office space. The larger office will better accommodate council meetings, staff and our ratepayers; especially larger delegations that attend our public hearings," explains Kim McIvor, Chief Administrative Officer with the RM. The current office location in Balgonie is co-owned by the RM and the town. The RM will sell their portion of the building to the town and use those proceeds towards the construction of the new 7,200 square foot facility in Emerald Park at a cost of 1.32 million. The new office is scheduled to open in November of 2018 at the corner of South Plains Road and Hutchence Road in Emerald Park. "Relocating to our high density residential and commercial area shows a commitment now and into the future. We plan on continuing to grow our municipality in a well-planned, community oriented manner that promotes active lifestyles and use of our outdoor space," explains Senior Planner with the RM, Jana Jedlic. The greenspace at the new office will connect to the 11 kilometres of walking paths in Emerald Park.

"There will be no increase to taxes for our ratepayers for the new office," assures RM Reeve Mitchell Huber. "Council has been putting money away in reserves for a number of years now and this project will be funded by this reserve money."

Snowmobile safety

As the snow beckons, snowmobile enthusiasts will be enticed to fire up their sleds and head out. "We ask that anyone using their sleds in the RM be respectful," says Rod Ash, Community Safety Officer with the RM of Edenwold. "If you have questions about where you can and can not use your snowmobile, please check online or call the RM office." While the RM does not have a specific bylaw for snowmobiles, the laws are set by the province under *The Snowmobile Act* and the *Traffic Safety Act*. Resources for snowmobilers:

snowmobilecourse.com, sasksnow.com,
www.sgi.sk.ca/atv-and-snowmobile and
www.sgi.sk.ca/legislation

March 8, business owners and community members met with the RM's planning team and members of council to discuss naming the business district on the north side of Highway 1 within the RM.

Provincial budget and RM 2018 budget

The RM of Edenwold council is working out budget details for the 2018 fiscal year. "2017 was an exciting budget year but also had its challenges with the new assessment valuations, and trying to keep a good balance of taxation percentages between the property classes within our municipality," says Kim McIvor, CAO with the RM. "We are thankful for the provincial government revenue sharing having increased by 197% from 2007-08 to 2017-18." For the past 10 years, provincial government revenue sharing has been based on a percentage of PST. "This has greatly enhanced our revenue sharing ability and stability," explains McIvor, "which in turn enables council to put tax dollars back into infrastructure. Council does a great job using tax dollars wisely and is proud of the sound fiscal management practices that ensure we stay viable as a rural municipality."

Nicole's Preschool

MARCH

I think we can all agree that a lion roared its way into the beginning of March this year! Lots of snow and lots of digging out! The children loved it of course and the spring plants will love the water. At preschool we stayed warm inside and the children buttoned up their lab coats to begin an assortment of science experiments! "What will happen if? What can I do to change that? Why does it work that way?" are the just a few of the questions children daily ask about the world. Children are natural scientists. They are born with a powerful desire to explore, question and manipulate the world around them!

Our little scientists tested the "absorption" qualities of various materials like cotton balls, plastic, paper and tin foil. We blew-up a balloon using vinegar and baking soda. We made a water glass xylophone and explored weight with a bucket balance and viewed tiny organisms in our child microscope! Pool noodles cut horizontally and tiny marbles made excellent ramps and you can even making "windy" paintings by blowing on paint through a straw! The best part was a field trip to the Science Centre in Regina!

Probably the highlight of the month was the preschooler's attempts to catch a leprechaun! Diligently the children worked on making Leprechaun traps with recycled materials, paper, paint and glue. Then Mrs. Marshall set the traps out and some hidden cameras. When the children returned to preschool they found a note from "Lucky the Leprechaun" and a tray of chocolate gold coins! Our hidden camera found Lucky peering into our Leprechaun traps, playing with our toys, painting the mirror with green paint and we even found green water in the toilet! To our despair we couldn't catch him. He left the gold chocolate to help cheer us up. Maybe next time! Below we have a couple photos we caught with our hidden camera to share with you!

The month concludes with adventures with Baskets and Bunnies! Maybe even a visit from a very special Bunny indeed! See you next month!!

The News and viewS would like to thank the Pilot Butte Recreation Board in conjunction with Sask

Lotteries Assistance Grant, for ongoing donation to our newsletter. The donation from the Rec Board enables the News and viewS to keep publishing and aids in local sports, culture and recreation advertising. Our continued thanks for the support!

The grant allows expansion of the News and viewS as necessary, with local content, assorted advertising and hopefully making it more appealing and interesting to read. The Town of Pilot Butte also provides financial funding as well as continued support in other ways. The Town has pledged to ensure that the News and viewS will publish, no matter what! Thank you to the Town for their continued support. It takes a tremendous financial worry off of the volunteers!

The R.M. of Edenwold also supplies the newsletter with financial funding and we use a portion of these funds to send copies of the newsletters to some R.M. residents. This financial windfall (for us!) is enabling us to produce a larger, more attractive newsletter for your enjoyment. We hope that we can continue to provide a quality of newsletter that makes us the "must read" item each month.

We truly appreciate the support.

The "Love Me As I Am" garden tour is a community event put on by the White City Garden Club, as a way to share our passion for gardening and promote our beautiful community. We are looking for a few more gardens to participate in the tour to be held Saturday, July 14, 2018. The self-guided tour invites visitors to enter a variety of neighbourhood yards and "love me as I am" – whether under renovation, whimsical, surviving our prairie conditions, or just plain loved. If you have (or know of) a garden someone loves and might be willing to share, let us know too! Just send an email to WCGC at wgcg.communications@gmail.com and our committee will take it from there!
