As we prepare for the death and resurrection of our Lord, let us remember this thought about the gift of love he gave us: "We've been infected with this idea that love is an emotion only felt between two people. But love is universal. An energy. A contagious force. A gift. To offer money to a homeless man is to love. To save a worm from the sun is to love. To smile at a stranger is love. To be grateful, to be hopeful, to be brave, to be forgiving, to be proud, is to love". a.r.lucas

*Artists' rendering of
the new church Hall.*

A note from the Pastor's Desk...

Have you driven by and wondered "What's going on at the church?" Well, here it is!

We love our home in Pilot Butte and we think it's in the perfect spot to serve our community. However, space has been a little tight for a while, and it's time to expand. We are building a 1,600 sq. ft. Hall which will be attached to our current home and will feature full accessibility.

Our hope is that in the years to come the Hall will host many community and church events that contribute to the wonderful spirit of care and co-operation that makes Pilot Butte such a wonderful place to live and to raise a family.

If you have questions about the project, please feel free to contact Pastor Norm at the office.

son to chain himself to his existence. And yet, somehow, Ove finds himself driving his pregnant neighbour to the hospital; taking in and reconciling a gay young man with his homophobic father; thwarting the authorities to enable an old friend to stay in his own home; and becoming an adopted grandfather. Ove disguises these acts of kindness behind a gruff exterior and a shaky framework of self-serving excuses. In spite of his grouchy old-man persnickety ways you are not very far into the book before you are on to Ove and enjoy watching him rationalize reasons to extend his large, work-worn, helping hand to those who need it. Backman treats his protagonist with sympathetic understanding and humour. On more than one page tears blend into laughter as Ove's attempts to join his wife are thwarted yet again by circumstance (and an observant and tactful neighbour.) I loved this book. It was a fast read and I made such friends with the characters that I was bereft when the book ended and their stories were closed to me. I wanted to remain part of their lives and find out what happens next. And next. And next.

The Library will be closed Good Friday April 19. Happy Easter to all!

A Man Called Ove

In this novel, Fredrik Backman introduces the reader to Ove, a 59 year old Swedish widower who is beset on all sides by fools, shysters and incompetents. He is the self-appointed arbiter of order and righteousness for his corner of the town where he lives. He suffers no fools gladly. He is grouchy, miserable, testy and intensely private. His one great passion was his wife and without her, he finds no rea-

MARVELOUS MARCH

It's been such a cold winter but finally with the arrival of March we welcomed the many colours of a rainbow into our daily activities! The preschoolers spent time investigating the science behind how real rainbows are created and the effects of colour mixing. We also used many classic and award winning children's books such as "A Rainbow of My Own", and "Little Blue and Little Yellow" for example, as springboards to learning how to make coloured patterns, sequencing, gra-

phing and distinguishing between primary and secondary colours. There were many happy squeals during our "coloured water-droplet races with eyedroppers and straws! They loved blowing the droplets together on wax paper to create new secondary colours!

Exploring Rainbow Cloud Jars was one of the biggest hits with the children! They discovered the effects of colour mixing in addition to strengthening fine motor muscles. Perhaps it's something you might like to try at home! Fill a quart size jar 3/4 full of water. Squirt shaving cream on top. Next use eyedroppers to drop coloured water on the shaving cream and watch as the colours mix to create a spectacular "rainbow cloud". We even made a

real rainbow using a prism and flashlight on the ceiling of a darkened room...that certainly brought out the excited giggles!

As the month continued we developed our rhyming skills after reading "Green Eggs and Ham" by Dr. Seuss and we enjoyed wearing Green for Green Day. Finnegan the "Leprechuan" left green messes everywhere at preschool and escaped despite the elaborate Leprechaun traps left out by the children! He did leave us a pot of chocolate gold though so we weren't too disappointed ha ha! Have a great month everyone! Mrs. Marshall

A message from the RM of Edenwold

Project update: community mail boxes

In November, Council approved two community mailbox pilot projects for the Carson Business Park and Spruce Creek Estates. RM staff has been working with Canada Post on the preparations for the Carson Business Park first, which we expect will be rolled out in spring or early summer, with Spruce Creek Estates to follow. There is a possibility of including other businesses in the Butte Business District as well. We'll keep you posted.

Grading 2019

RM maintenance teams are preparing for grading work to begin for 2019. "We are getting good drainage during spring run off so far this year," says Derek Hradecki, Manager of Public Works Rural with the RM. A reminder to the traveling public sharing space on roads with RM graders: please be patient with grader operators and please slow down to 40 km/hr when passing. We want everyone to get home safe at the end of their day.

Spring road restrictions

Council has opted out of spring road restrictions issued by the province's Ministry of Highways and Infrastructure. Haulers still need to check orders issued each Tuesday and Friday. There is now an alert bar at the top of the RM website at RMEdenwold.ca. By opting out, council is allowing hauls of secondary highway weights (as opposed to restricted weights) on municipal roads within the RM. Your overweight permit is not valid during this period.

Lagoon decommissioning and wastewater treatment facility update

The lagoons that served the community for more than 20 years are being decommissioned in preparation for the start up of the wastewater treatment facility. The lagoons sit off of Hutchence Road in Emerald Park. The southwestern lagoons will be decommissioned first followed by the northeastern lagoons. The RM recently awarded the project contract to KMS Construction and construction is underway. The facility is a co-operative project with the town of White City, the provincial and federal governments. The facility will increase capacity for the community and is currently in the testing phase.

Making a list, checking it twice

Council approved a new Construction Procedures Checklist to assist developers and contractors. The list ensures they are meeting all requirements of roadway and infrastructure construction projects. The checklist is to help with overall project management processes and will be included any time a servicing agreement, development permit or contract is provided by the RM. It will also help staff and council stay apprised of a project's status. A Yard Maintenance Policy has been approved by council and posted on the RM website (see the Administration page). This policy came about in response to residents' concerns about maintenance of properties within the RM. All of this works toward the betterment of being a good neighbour.

We've moved.

The RM of Edenwold administration office is located at 100 Hutchence Road in Emerald Park. Connect with us on Facebook and on Twitter. Email us at rm158@sasktel.net, by phone at 306-771-2522 or through our website at RMEdenwold.ca.

The News and viewS would like to thank the Pilot Butte Recreation Board in conjunction with Sask

Lotteries Assistance Grant, for ongoing donation to our newsletter. The donation from the Rec Board enables the News and viewS to keep publishing and aids in local sports, culture and recreation advertising. Our continued thanks for the support!

The grant allows expansion of the News and viewS as necessary, with local content, assorted advertising and hopefully making it more appealing and interesting to read. The **Town of Pilot Butte** also provides financial funding as well as continued support in other ways. The Town has pledged to ensure that the News and viewS will publish, no matter what! Thank you to the Town for their continued support. It takes a tremendous financial worry off of the volunteers!

The **R.M. of Edenwold** also supplies the newsletter with financial funding and we use a portion of these funds to send copies of the newsletters to some R.M. residents. This financial windfall (for us!) is enabling us to produce a larger, more attractive newsletter for your enjoyment. We hope that we can continue to provide a quality of newsletter that makes us the "must read" item each month. We truly appreciate the support.
