## Winter Parking Restrictions

The Town reminds residents that Town boulevards are provided to residents for the parking of vehicles which are in daily use and that boulevards are never intended for storage of campers, automobiles, trailers, boats or any other items owned by residents.

As winter approaches, the Town expects that all vehicles, etc. except those in daily use will be removed from boulevards for the facilitation of operations of the Town (e.g. snow removal). The Town Operation of Vehicles Bylaw 13-2011 allows for vehicles to be parked on boulevards for periods not exceeding 72 hours during the winter months. AT NO TIME may vehicles be parked for periods LONGER THAN 72 HOURS on the pavement of any curbed street and may never be parked on the pavement of a street with no curb. During times of imminent snowfall, the Town hopes that residents will be mindful of the safety of the Town workers and their own property by removing vehicles from both street and boulevard, curbed or otherwise.

When snowfall is heavy, there are going to be times when it is not possible for the grader to clean the street without leaving some ridge of snow across the ends of driveways. The priority is to have the streets cleared and passable. If time and manpower allow, the Town may clear significant ridges once streets are all cleared. It is not reasonable to expect that whole frontages will remain cleared of a snow ridge. That snow that you don't want in your driveway has to go somewhere and part of the purpose of Town-owned boulevards is to provide that option. Part of the privilege of using the boulevards is for you to keep clear for your own use.

The Town thanks all residents who comply with parking restrictions and keep our maintenance workers safe.

The Town of Pilot Butte adopted:

**Bylaw 03-2021 A BYLAW RESPECTING THE OPERATION OF ALL TERRAIN VEHICLES WITHIN THE CORPORATE LIMITS OF THE TOWN OF PILOT BUTTE.**

ATV Registration to begin mid April and the following rules will apply:

- All ATV's operating within Town Limits must be registered and display a registration tag provided by the Town of Pilot Butte.
- Use of the travelled portion of the roadway is permitted at a maximum speed of 30km/hr.
- The Town recommends that residents use the paved streets when accessing the most direct route to and from their place of residence.
- Riders age 12-15 must be directly supervised by an adult, or hold a valid ATV course certificate.
- All Terrain Vehicles are NOT permitted at any time on Town of Pilot Butte Public Reserve land (Parks), buffer strips, walkways, and crown owned land.
- Please respect our residents and their right to quiet enjoyment of their property.

*Please contact the Town Office or refer to our website for the Bylaws enforced within the Town of Pilot Butte.*

## TOWN OF PILOT BUTTE EMAIL CONSENT FORM

The Town of Pilot Butte offers residents the opportunity to receive specific municipal notices as attachments in an e-mail rather than by regular mail.

**Transmitting information by e-mail has a number of risks that residents should be aware of. These include, but are not limited to, the following:**

- E-mail can be circulated, forwarded, and stored in numerous paper and electronic files.
- E-mail can be immediately broadcast worldwide and be received by many intended and unintended recipients.
- E-mail senders can easily misaddress an email.
- E-mail is easier to falsify than handwritten or signed documents.
- Backup copies of e-mail may exist even after the sender or the recipient has deleted their copy.
- E-mail can be intercepted, altered, forwarded, or used without authorization or detection.
- E-mail can be used to introduce viruses into computer systems.
- E-mail can be used as evidence in court.

The Town of Pilot Butte will use reasonable means to protect the security and confidentiality of e-mail information sent and received. However, because of the risks outlined above, the municipality cannot guarantee the security and confidentiality of e-mail communication, and will not be liable for improper disclosure of confidential information. For this reason, the customer must consent to the use of e-mail for delivery of municipal notices.

**Consent to the use of e-mail for the delivery of municipal notices includes agreement with the following:**

1. Failure to receive an e-mailed municipal notice does not release me from my responsibility to pay any charges specified on the notice, or any penalties which may be incurred by late payment.
2. I will inform the Town of Pilot Butte of any change in my e-mail address as soon as possible, to prevent the misdirection of notices and reduce the risk of my not receiving a notice.
3. I may withdraw from e-mail delivery at any time. To do so I will inform the Town of Pilot Butte, and all notices which were previously e-mailed to me will be sent by regular mail.

## Dog-Owners Please Note

*The Town Office continues to receive complaints about residents who do not keep their pets on a leash when they are being walked, particularly in a park or in another non-residential area. Please be aware that there is no facility for off-leash dog walking within the Town limits. We would ask that owners be conscious of others who use the parks. It is not pleasant to have a strange dog run up to you or your pet when you are trying to enjoy one of the Town's greenspaces. You are probably sure that your dog is not aggressive, but the other person has no such certainty. As for doggie bags, please, use them. The Town provides doggie bag stations at the entrances to parks. No one else wants to accidentally step in, bike over or smell your dog's messes. Small children walk these paths. Even in the winter, there are those who are pushing a baby cart which obstructs vision. Again, how uncomfortable to run over your dog's mess. We appreciate that you love your pets and that they are a part of your family, but, like your children, pet ownership comes with responsibilities.*

*Whether on walking paths or on the street we ask that all residents exercise courtesy when walking their pets by not allowing them to run free and by picking up defecations. There are many residents who do perform these courtesies and the Town wishes to recognize and thank them for their commitment to the comfort of their neighbours and community.*

## LV CHAIR YOGA

In LV chair yoga traditional yoga poses are adapted to be done while seated on a chair. While it might look a little different, the benefits of a session of chair-based yoga are the same as a mat-based yoga session. **LV yoga isn't just stretching on a chair, it is yoga on a chair.** Each chair pose is demonstrated with different levels of flexibility. This means that **LV chair yoga is inclusive and accessible for all.** Regular practice can help improve flexibility, mobility, strength, posture, and balance. Each class will include a warm up, a dynamic sequence of poses, and a mindful cool down.

Kim Kozak will be instructing this course. She has been a certified yoga instructor for 10 years. After a skiing injury prevented her from doing mat-based yoga, Kim discovered the benefits of a chair-based yoga practice. **The best thing she discovered is that you can use chair yoga in your daily life.** Whether you take a few minutes to do some chair yoga at your kitchen table before your morning coffee, or you break up long days of sitting at an office desk with a few poses.

Developed by Lakshmi Voelker-Binder in 1982, LV chair yoga is practiced all over the world and is used by the Mayo Clinic in its wellness programs. As Lakshmi says "get fit where you sit"™. Transform how you look at fitness and try something new! Chair yoga is for everyBODY!

### Drinking Water Quality and Compliance

The Water Security Agency and the Ministry of Environment requires that at least once each year waterworks owners provide notification to consumers of the quality of water produced and supplied as well as information on the performance of the waterworks in submitting samples as required by a Minister's Order or Permit to Operate a waterworks. The following is a summary of the **Town of Pilot Butte's** water quality and sample submission compliance record for the **year of 2021**. This report was completed on **5-Jan-2022**. Readers should refer to Water Security Agency's "Municipal Drinking Water Quality Monitoring Guidelines, June 2015, EPB 502" for more information on minimum sample submission requirements. Permit requirements for a specific waterworks may require more sampling than outlined in the department's monitoring guidelines. If consumers need more information on the nature and significance of specific water tests, for example, "what is the significance of selenium in a water supply", more detailed information is available from: [http://www.hc-sc.gc.ca/ewh-semt/pubs/water-eau/index\\_e.html](http://www.hc-sc.gc.ca/ewh-semt/pubs/water-eau/index_e.html).

#### Water Quality Standards

##### Bacteriological Quality

Parameter/Location	Limit	Regular Samples Required	Regular Samples Submitted	# of Positive Regular Submitted (Percentage)
Total Coliform	0 Organisms/100 mg/L	52	52	0
E. coli	0 Organisms/100 ml	52	52	0
Background Bacteria	Less than 200 Organisms/100 mL	52	52	0

The owner/operator is responsible to ensure that 100 per cent of all bacteriological samples are submitted as required. All waterworks are required to submit samples for bacteriological water quality; the frequency of monitoring depends on the population served by the waterworks.

#### Water Disinfection

##### Chlorine Residual in Distribution System for Test Results Submitted with Bacteriological Samples

Parameter	Minimum Limit (mg/L)	Free Chlorine Residual Range	Total Chlorine Residual Range	# Tests Required	# Tests Submitted	# Adequate Chlorine (Percentage)
Chlorine Residual	0.1 mg/L free OR 0.5 mg/L total	0.10-0.73	0.12-0.75	52	52	52 (100%)

A minimum of 0.1 milligrams per litre (mg/L) free chlorine residual OR 0.5 mg/L total chlorine residual is required at all times throughout the distribution system unless otherwise approved. A proper chlorine submission is defined as a bacteriological sample submission form with both the free and total chlorine residual fields filled out. An adequate chlorine is a result that indicates that the chlorine level is above the regulated minimums. An adequate chlorine may be counted even if the chlorine results were submitted incorrectly. A waterworks is required to submit chlorine residual test results on every bacteriological sample they submit.

Saskatchewan  
Ministry of  
Environment

#### Water Disinfection

##### Free Chlorine Residual for Water Entering Distribution System from Waterworks Records-From Water Treatment Plant Records

Parameter	Limit (mg/L)	Test Level Range	# Tests Performed	# Tests Not Meeting Requirements
Free Chlorine Residual	at least 0.1	0.13-1.07	365	0

A minimum of 0.1 milligrams per litre (mg/L) free chlorine residual is required for water entering the distribution system. Tests are normally performed on a daily basis by the waterworks operator and are to be recorded in operation records. This data includes the number of free chlorine residual tests performed, the overall range of free chlorine residual (highest and lowest recorded values) and the number of tests and percentage of results not meeting the minimum requirement of 0.1 mg/L free chlorine residual.

#### Turbidity – From Water Treatment Plant Records

Parameter	Limit (NTU)	Test Level Range	# Tests Not Meeting Requirements	Maximum Turbidity (NTU)	# Tests Required	# Tests Performed
Turbidity	1.0	0.02-0.97	0	0.97	Continuous	Continuous

Turbidity is a measure of water treatment efficiency. Turbidity measures the "clarity" of the drinking water and is generally reported in Nephelometric Turbidity Units (NTU). All waterworks are required to monitor turbidity at the water treatment plant. The frequency of measurement varies from daily for small systems to continuous for larger waterworks.

#### Chemical – Health Category

Parameter	Limit MAC (mg/L)	Limit IMAC (mg/L)	Sample Results	# Samples Exceeding MAC/IMAC	# Samples Required	# Samples Submitted
Arsenic	0.010		0.0013	0	1	1
Barium	1.0		0.0011	0	1	1
Boron		5.0	0.1	0	1	1
Cadmium	0.005		<0.00015	0	1	1
Chromium	0.05		<0.00019	0	1	1
Fluoride (avg.*)	1.5		<0.05	0	1	1
Lead	0.01		0.00007	0	1	1
Nitrate (avg.*)	45.0		<0.2	0	1	1
Selenium	0.01		<0.00113	0	1	1
Uranium	0.02		0.00020	0	1	1

Substances within the chemical health category may be naturally occurring in drinking water sources or may be the result of human activities. These substances may represent a long-term health risk if the Maximum Acceptable Concentration (MAC) or Interim Maximum Acceptable Concentration (IMAC) is exceeded. All drinking water supplies are required to monitor for substances in the Chemical-Health category, the frequency of monitoring depends on the population served by the waterworks. Some waterworks will add fluoride to drinking water as a means to aid in the prevention of dental decay.

Saskatchewan  
Ministry of  
Environment

#### General Chemical

Parameter	Aesthetic Objectives* (mg/L)	Sample Results (average)	# Samples Required	# Samples Submitted
Alkalinity	500	30.3	0	1
Bicarbonate	No Objective	37	0	1
Calcium	No Objective	4	0	1
Carbonate	No Objective	0	0	1
Chloride	250	1.4	0	1
Conductivity	No Objective	80	0	1
Hardness	800	14	0	1
Magnesium	200	1	0	1
PH	No Objective	7.6	0	1
Sodium	300	10	0	1
Sulphate	500	8.0	0	1
Total dissolved solids	1500	63	0	1

All waterworks serving less than 5000 persons are required to submit water samples for SE's General Chemical category once every two years if a ground water source or once per three months every second year if a surface water or blended surface/groundwater source. The General Chemical category includes analysis for alkalinity, bicarbonate, calcium, carbonate, chloride, conductivity, hardness (as CaCO<sub>3</sub>), magnesium, sodium, sulphate and total dissolved solids.

The last sample for General Chemical analysis was submitted on **19-Jan-2021**. Sample results indicated that there were no exceedences of the provincial aesthetic objectives for the General Chemical category.

\*Objectives apply to certain characteristics of or substances found in water for human consumptive or hygienic use. The presence of these substances will affect the acceptance of water by consumers and/or interfere with the practice of supplying good quality water. Compliance with drinking water aesthetic objectives is not mandatory as these objectives are in the range where they do not constitute a health hazards. The aesthetic objectives for several parameters (including hardness as CaCO<sub>3</sub>, magnesium, sodium and total dissolved solids) consider regional differences in drinking water sources and quality.

More information on water quality and sample submission performance may be obtained from:

## A Note About Waste Collection

There are occasions when the collection of garbage, recycling and compost are delayed and carts are not emptied at the usual times of day. A change of driver or route; a mechanical failure, any number of things may delay the service. Loraas advises that there **WILL ALWAYS BE SERVICE**. Unless inclement weather makes travelling unsafe, the truck will always come eventually. It may be later that evening, it may be the next morning, but the carts will be emptied. You are always welcome to contact the Town office if your cart has not been collected by the morning of the next day. Occasionally the odd cart or street is missed, but it is not abnormal for the whole town to receive service much later than the usual time. If it is very windy, you may want to bring your cart in for the night and replace it the next morning.

Remember too, that Loraas provides service on Mondays and Thursdays regardless of holidays.

**Reminder: Compost collection is reduced to the first Monday of every month starting November 1st to March 1st 2022**

## New Year Series

We're starting 2022 with a couple of special message series on Sunday mornings. **Connections** comes at a time when it feels like we're all more disconnected than we've ever been. It started on January 9th and looks at four of the most important connections we need in our lives.

**Building Blocks** starts February 6th and asks: What are the essential building blocks that will help us live life to the full and become who and what we are meant to be?

*Everyone who's interested is welcome to join us on Sunday mornings at 10:30 at the Way of Life Centre on 5th and 2nd. If you can't come in person, we stream live on YouTube. Just search "Way of Life Pilot Butte".*

## Connecting to Community

Do you have questions about Way of Life Church, or about the Christian faith and beliefs? Are you facing challenges and need someone to talk to? Contact Pastor Norm (info below). Whether over the phone or over a cup of coffee, he'd love to chat with you.

How to reach us:

**St. Agnes  
Catholic Church  
Pilot Butte**

**Sunday Mass Time: 9:00 am**

**Father Chinh Vu is available before mass between 8:20 and 8:50 on Sundays if you would like to meet or speak with him and to hear confessions.**

- \* Masses follow provincial health authority guidelines including:
  - ◆ Wearing a face mask
  - ◆ Physical distancing and hand sanitization are encouraged
- \* **If you have children to register for School of Religion classes this school year, contact Jackie Peat at [stone.n.steel@sasktel.net](mailto:stone.n.steel@sasktel.net).**
- \* Due to COVID-19 restrictions, coffee and donuts will not be available on the last Sunday of the month for now, so mass will begin at 9:00 AM. We are hoping we will be able to start this fellowship again in the near future and will return to 8:45 AM when that occurs.
- \* The Annual General Meeting will be held in March. We are looking for replacements for the positions of Parish Council Chairperson, Building & Grounds Maintenance Representative and School of Religion Representative. If you are interested in any of these positions, please contact Darlene Loucks at [dloucks@sasktel.net](mailto:dloucks@sasktel.net).

For additional information, special mass dates and times and current COVID-19 guidelines being followed, check us out at:

### We Need Your Help!

The Pilot Butte Arts Committee has been working hard to bring exciting events to our communities such as the Art Show & Sale, Artist Retreat and all the great classes. With the increasing workload the committee needs more volunteers and would love to have you join us! Volunteers from surrounding communities are welcome as well!!

**Email us at [pilotbuttearts@gmail.com](mailto:pilotbuttearts@gmail.com) for more info.**

## Get Your Garden On!!!

The Pilot "Butte"ification Community Garden Beds are up for grabs again this year! There are 21 beds on offer, spread over 5 locations and each measure 3' W x 8' L x 12" H. There are rain barrels available to help with your watering needs. We are

asking for a small fee per bed this year, \$15, to help cover the on-going enhancement of the soil (2 bags of compost per bed will be added this year) along with the purchase of additional rain barrels (pending inventory availability due to COVID craziness).

If you are interested, please submit your name, contact info, number of beds wanted and preferred location by February 15/2022 via email: [beautifypevents@gmail.com](mailto:beautifypevents@gmail.com) If email isn't possible, please call or text to 306 537 9462.

If you're new to gardening and need some advice, let us know.

Remember, Spring is on the way! 🌸

Current locations of garden beds:

Hedley Park (4 beds)	Railway Ave and 9 <sup>th</sup> St (5 beds, 2 are double the height)
Way of Life Church (8 beds)	Discovery Ridge (3 beds)

## JANUARY!

Where the First Years Last Forever...

[nicolespreschool@sasktel.net](mailto:nicolespreschool@sasktel.net)

Happy 2022 everyone! Winter is definitely here! Despite a few grumblings from us grown-ups about shoveling all that snow you will always find a child who appreciates it! It's fun to look at winter through their eyes and be reminded of the magic and wonder it brings.

January started off this year with a trip to Story Land. Reading books are a vital part in the development of children's language and help introduce many new concepts and

ideas! For the first two weeks the children focused on some favourite books like "Good Night Moon" by Margaret Brown and "Mouse Count" by Ellen Stoll Walsh. Not only did we strengthen our rhyming ability and vocabulary but also our comprehension skills after acting them out or retelling them with objects from the stories. Of course our favourite book to dramatize was "Five Little Monkeys Jumping on the Bed!" by Eileen Christelow. How many "monkeys" at your house enjoy jumping on the bed too? Lol

During the last half of January we brought winter inside the classroom. Snow and ice took "centre stage" in our activities. Painting the snow in the Sensory Bucket; making "blizzard" paintings and play dough snow people; painting with coloured ice cubes; exploring white flubber with arctic animals and experimenting with the effects of salt on giant colored ice balls were just a few of our

winter escapades! Until next month stay warm and enjoy winter!

Mrs. Marshall

### Make Fizzing Ice Cubes!

Mix a pitcher of water with a ratio of one part baking soda to one part water. Pour into ice cube trays and add food colouring each cube. Freeze. Fill a spray bottle with one part vinegar and one part water. Empty ice cubes in a bin and your child can spray the ice cubes! The cubes will fizz and provide lots of fun for your child!

## #WHYYOUMATTER PROJECT

Grade nine students created a collaborative interdisciplinary art project, led by Ms. Wiebe and Mrs. LaRocque, to finish this Arts Education course this semester. #WhyYouMatter is a public art campaign that empowers students to speak their truths, build self-worth, and connect to community while fostering a positive school climate where all people feel safe, supported, and valued. Students took part in a presentation and discussion about the many important traits they bring to their community. The Mental Health Capacity Builders, Ms. Bradley and Ms. LeBlanc, supported students with statement writing, along with Ms. Gibbs' Mental Health course. Ms. Linke supported French Immersion students with writing their statement in French. Ms. Sunderland took photos of each student with their handwritten statement about why they matter. The photos will be displayed in the halls of Greenall High School.

## ODE'S ICE FISHING EXPERIENCE

Mr. Moore's ODE 10 class took to the Qu'Appelle Valley to go ice fishing. The fish were biting and above seasonal weather made it an extra enjoyable day! Students were excited to catch 29" and 31.5" walleyes! All fish were live released.

## GRIFFIN CELEBRATIONS

This past month we had a number of athletes to celebrate for their excellent feats on the ice! Griffin students Jada, Alexis, and Nikita who play with the Regina Rebels U18AAA won gold in Brampton, ON at the 2 Nations Tournament (pictured left). CurlSask Curlers Elizabeth, Tesa, and Mya are headed to Timmins, ON for Curling Nationals (pictured right)!

## VIRTUAL BAND CONCERT

The bands and choir are very pleased with their first concert in 24 months! The students were super excited to see so many of their community members, family, friends, and school community to tune into watch them play or sing! They are so happy to share their craft and it does mean a lot when others watch what they spend so many lunch hours and after schools doing. Congratulations to these talented Griffins!

The **News and viewS** would like to thank the **Pilot Butte Recreation Board** in conjunction with **Sask Lotteries Assistance Grant**, for ongoing donation to our newsletter. The donation from the Rec Board enables the **News and viewS** to keep publishing and aids in local sports, culture and recreation advertising. Our continued thanks for the support!

The grant allows expansion of the **News and viewS** as necessary, with local content, assorted advertising and hopefully making it more appealing and interesting to read.

The **Town of Pilot Butte** provides financial funding as well as continued support in other ways. The Town has pledged to ensure that the **News and viewS** will publish, no matter what! Thank you to the Town for their ongoing and continuing support. It takes a tremendous financial worry off of the volunteers!

The **R.M. of Edenwold** also supplies the newsletter with financial funding and we use a portion of these funds to send copies of the newsletters to some R.M. residents.

This financial windfall (for us!) is enabling us to produce a larger, more attractive newsletter for your enjoyment. We hope that we can continue to provide a quality of newsletter that makes us the "must read" item each month.

**We truly appreciate the support and could not publish without this funding along with our backpage sponsors.**
