Year 35 Issue 9

COMMUNITY CLEAN-UP DAY!

The Pilot Butte Beautification Committee in conjunction with the Town will be hosting the 4th Annual Community Clean-Up Day Saturday, May 14th/2022 from 9:00 AM to 5:00PM. Located in the Town yard on Railway Avenue, there will be bins available for metal, garbage, and yard waste. The metal bin is available year-round, and the yard and garbage bins will be in the Town yard from May 9th to May 27th.

We're looking for volunteers (both individuals and other non-profit groups) to help the Committee make this event bigger and better. Help your neighbours, family and/or friends to, not only clean up their outdoor spaces, but for this truly community event to be a success we'd also like you to venture into our parks, playgrounds and other public spaces to tidy up Pilot Butte!

Please remember to donate all of your metal items, from aluminum foil, tin cans, metal scraps, old tire rims, etc. to our metal recycling bin. The money we raise stays in Pilot Butte and will be used to further "Beautify the Butte"! If you require assistance for drop off please contact us via email, phone or Facebook messenger. We will make every effort possible to accommodate. More details to follow.

Please follow us on Facebook @ Beautify Pilot Butte. Our email address is: beautifypb@gmail.com and the phone number/contact person for the Clean-Up day is Scott @ 306 781 4795.

Why inspect?

These tests and inspections allow us to provide safe, reliable service to our customers, and to meet strict regulatory requirements. We use a variety of techniques that can include vehicle-mounted equipment and hand-held devices. These highly sensitive instruments are designed to detect natural gas and are used to survey above and below ground infrastructure.

There is currently no notification to customers about these inspections due to variabilities of the survey, which can include:

- Weather conditions
- Crop maturity
- Work force availability
- Changing risk levels

What are we doing?

Every year, as part of our proactive safety and natural gas system integrity program, SaskEnergy routinely performs a variety of safety tests and inspections throughout the province.

This includes:

- 🔍 **Surveying** for natural gas leaks.
- 👁️ **Visually inspecting** utility easements.
- 🔧 **Testing** cathodic protection systems.

1 Testing the natural gas lines on your property.

SaskEnergy inspects approximately 20,000 kilometers of natural gas lines annually to detect natural gas leaks and inspect utility easements. We also inspect the anti-corrosion system called cathodic protection for about 80,000 services every year. Cathodic protection is applied to the below-ground portion of the steel gas line leading to your property and does not directly affect natural gas service. Customer support and co-operation for this safety initiative is appreciated.

2 Who will be doing the testing?

Surveying and testing will be completed by SaskEnergy, or a qualified Field Representative who has been contracted to complete this work on our behalf. Field Representatives will carry identification indicating they work for, or on behalf, of SaskEnergy.

We're inspecting natural gas lines.

What does that mean for you?

For your safety, Mercaptan, an odourant, is added to the natural gas in SaskEnergy's distribution system, making it easier to smell and detect.

If you suspect the smell of natural gas, please leave the area immediately and call SaskEnergy's 24 hour emergency service line at 1-888-7000-GAS (427).

If you require more information, or have any questions, please contact us at 1-800-567-8899, or at saskenergy.com.

3 There is no need for concern.

Inspections occur year round at least once every 5 years, and are a part of SaskEnergy's planned, preventative maintenance program. If any repairs or additional work is required as a result of an inspection, SaskEnergy personnel will promptly resolve the issue or be in contact with you as required.

4 What if you're not a customer?

Even if you are not a SaskEnergy customer, you may still have a utility easement or natural gas line on your property that delivers service to a neighbouring property. Identifying who is a customer can be a challenge for a Field Representative.

We continue to improve our processes and technology so we can try to alleviate this issue in the future.

Group Messaging System

The Town of Pilot Butte uses the Group West Broadcasting System to send out items of general interest. Examples of notices sent using this system include but are not limited to; Town events, road closures, policy or procedure changes which affect residents and local emergency alerts. The Town does not use this system for private events or for lost animal notifications.

Residents can receive notifications through a phone call, email or both. Emailed messages often include links that direct residents to the Town website for further information. For phone messages, the Town provides a guide on how to find the information on the website.

To register for the Group West Broadcasting System, you can use the E-Service Request function on the Town Website. (Under category type select ADMINISTRATION and under request type select SYNREVOICE/GROUP WEST. Be sure to indicate in the request details how you want to receive your message; via email or phone call or both.

Residents can also register by calling the Town Office at (306) 781-4547, or email general@pilotbutte.ca

Town of Pilot Butte E-Service Request

Do you have a service request or question for the council or staff of the Town of Pilot Butte?

Visit the Town website at www.pilotbutte.ca, navigate to the E-Service request tab, fill out the form and we will be sure to tend to your request as soon as we can.

This system allows the Town to track and respond to residents concerns

Discolouration in the Water Update

The Town of Pilot Butte utilized water treatment industry experts to investigate the discolouration of water some residents are experiencing.

- The industry experts confirmed that the water treatment plant is producing a safe water supply that is exceeding the water testing requirements required by the Province, which includes daily testing of Chlorine and pH levels, and turbidity twice a day.
- The investigation concluded that a small amount of minerals (iron and manganese) is causing the discoloration. The Town will continue to monitor and remediate with the guidance of the industry experts.

If you have noticed discoloration in your hot water, flushing your hot water tank or your on-demand heater may temporarily get rid of the problem. If you have noticed discoloration in your cold water you can call the Town Office at (306) 781-4547 and request a service line flush.

SMALL TOWNS ARE THE LIFE

The thing about small towns is, they are not quite country and they are not quite city. They engender the greater freedom of the smaller community with the amenities gained by communal living. We are always hearing about the “small town feel” of Pilot Butte while enjoying the advantages of being close to big sister Regina. You get so you take it for granted.

Then, on a snowy late spring evening, you invite your grandchildren to help you move some hay bales over to the pasture where you keep your horses. They are pretty good kids, so, instead of whining about having to work, they bundle up, bring some friends who had come over to play, and their own pretty, flame-haired mother, pile into the truck and off we all go.

The hay is stored in the loft of a barn on a sheep farm which is actually within Town limits. When the sheep farmer was warned that a crew of workers was about to descend on her farm, she mixed up some milk formula and crossed her yard in the swirling snow to meet us as we drove in. Three of the new lambs are orphans and are hand-fed. The children are encouraged to feed the lambs themselves. If you have ever seen or held a small lamb, they are awfully sweet. And hungry lambs, who are clearly delighted to be fed, well... being able to satisfy that hunger is a very gratifying experience. Especially if you have never seen a sheep before. There are chickens, there, too, pretty, brown girls squawking and rustling in the straw in their own coop.

The bales are in the loft of the barn where there are all kinds of marvels...the rotten carcass of a chicken who must have fallen between some bales and been unable to get out...old harness, a canoe, a sea chest and of course, lots of hay. It is no small effort for children, some bigger than I but nowhere nearly as heavy, to move the bales from the back of the loft to the big front door, and drop them to the ground where they may be loaded into the trailer below. The hay and dust cloud your nose, get in your hair and your clothes and make your eyes water...altogether not a pleasant experience.

Once we are done we drive the whole lot back to the horse pasture where Jake and Skipper are waiting for supper. Skipper especially loves children, because, in his experience, they almost invariably come with hands full of treats and loving pats, and he was not disappointed this evening.

As we return home and the children all fall out of the truck, they are thanking me! Whatt?? I have just made you work hard, subjected you to dirt and dust, to dead things that fall apart as you touch them and you have had a wonderful time?

But that's the thing, they have. Because that is life in a small town. Here we are, in clean paved streets, but just minutes away, the country awaits.

Small towns ARE the life. Thanks, Lucille.

Nicole's Preschool

April 2022

Where the First Years Last Forever...

nicolespreschool@sasktel.net

April showers bring May flowers! So far it has only been snow showers but hopefully that changes to rain soon lol!

At preschool this April we took another look at the theme "Fabulous Me!" to see the many ways we've grown and changed since the beginning of the year. This included a special "All About Me" project, another tradition at preschool, that we send home in our Memory Boxes at the end of the year. The children explored the function of their hands,

faces, and feet. We measured our heights on large poster paper and compared them to other objects in the room.

For the second half of April we put on our lab coats! The "Little Einsteins" participated in many science experiments. We learned about the properties of matter and experimented with different objects to see if they were "Quiet" or "Loud" or "Hard" or "Soft". We also explored force and motion to answer the question "Will the object spin?". These were just a few of our science adventures!

Before the Easter break we concluded April with our annual Egg Decorating and Egg Hunt day! Hope you had a Hoppy Easter everyone!

Preschool 2022-2023 Registration:

**At Home Science Experiment:
Ivory Soap "Cloud"!**

Place a bar of Ivory soap in the microwave for two minutes! It will grow and grow into a giant "cloud"! You can set it in the bathroom on a tray and peel off a piece to wash your hands with!

BADMINTON SEASON UNDERWAY

Jr. and Sr. badminton are in mid season. Although the Jr's have not yet played any games, they are currently practicing and are preparing for pre-zone and zone playdowns which are being held after the Easter break. The Sr. Badminton team has competed in an exhibition tournament in Melville which was held on Monday March 28. The team had several 2nd and 3rd place finishers at the tournament.

Our Sr. Badminton team also competed in the zone playdowns in Lumsden. Our Griffins played extremely well throughout the day. In girls singles Alexis Petford finished in 2nd place, boys singles Logan Cappelle finished in 3rd place, girls doubles Ashlyn McCullough and Anika Ottenbreit finished in 2nd place, boys doubles 2 teams - Tate Olsen and Kyler Faucher finished in 1st place and Carter Lachance and Riley Munro finished in 4th place, and in mixed doubles Jayna Stoudt and Kaelan Smith finished in 2nd place. Our teams that finished 1st or 2nd have now advanced on to the district playdowns which are being held on April 27th in Kipling. Best of luck to all players!

GREENALL ONE ACTS

Greenall hosted Saskatchewan Drama Association's Region 5 One Acts Festival on April 8-9. There were 140 participants, 5 PVSD schools, 7 plays, 7 tech rehearsals, 7 production workshops, 2 adjudicators, 1 banquet, 1 awards night and 1 spontaneous dance party.

Griffin Drama presented "10 Best Worst Things About High School" and "Property Rites" on the Friday evening session of the festival.

Griffin Drama took home a whopping 30 awards including all the major awards. "Property Rites" won a berth to Provincial Drama Festival which takes place May 5-7 at the Riddell Centre - U of R. We are so proud of all of the students, staff, community members, and volunteers who have dedicated so many hours to making these productions so memorable and special!

HISTORY 20 UPDATE

History 20 students at Greenall High School researched the harsh conditions for soldiers fighting in trenches along the Western Front in World War 1. Ravaged by disease, wet conditions, mustard gas and artillery fire, students simulated and then reflected on the sacrifices made our Allied troops. As we move on to study the Russian Revolution, our thoughts are with those fighting and the millions displaced by the current Russian invasion of Ukraine.

SLC SPIRIT WEEK

SLC students put together their monthly spirit week that consisted of a number of special events to spread some Easter Spirit. Students partook in a variety of dress up days, and trivia games for prizes!

The poster features a central green circular field with two crossed wooden baseball bats. A white baseball with red stitching and the number '37th' is positioned on the right side of the field. The text 'PILOT BUTTE' is at the top in green, 'Annual' is in script above 'SL PITCH', and 'Tournament' is in script below 'SL PITCH'. 'OLDTIMERS' is at the bottom in green. The dates 'JUNE 3 | 4 | 5' and '2022' are in the center, with a horizontal line below them. At the bottom, it says 'Guaranteed 3 games / \$300 per team / 3 ladies per team', 'Beer Gardens / Live DJ Saturday', and 'Inland Park Diamonds'.

The **News and viewS** would like to thank the **Pilot Butte Recreation Board** in conjunction with **Sask Lotteries Assistance Grant**, for ongoing donation to our newsletter. The donation from the Rec Board enables the **News and viewS** to keep publishing and aids in local sports, culture and recreation advertising. Our continued thanks for the support!

The grant allows expansion of the **News and viewS** as necessary, with local content, assorted advertising and hopefully making it more appealing and interesting to read.

The **Town of Pilot Butte** provides financial funding as well as continued support in other ways. The Town has pledged to ensure that the **News and viewS** will publish, no matter what! Thank you to the Town for their ongoing and continuing support. It takes a tremendous financial worry off of the volunteers!

The **R.M. of Edenwold** also supplies the newsletter with financial funding and we use a portion of these funds to send copies of the newsletters to some R.M. residents.

This financial windfall (for us!) is enabling us to produce a larger, more attractive newsletter for your enjoyment. We hope that we can continue to provide a quality of newsletter that makes us the "must read" item each month.

We truly appreciate the support and could not publish without this funding along with our backspace sponsors.
