DEVELOPMENT and BUILDING INFORMATION

A DEVELOPMENT PERMIT (INFORMATION REQUIRED TO MAKE SURE THAT THE BUILDING WILL COMPLY WITH THE TOWN ZONING BYLAW) MUST BE APPROVED BY THE TOWN DEVELOPMENT OFFICER. ONCE THE APPROVAL HAS BEEN RECEIVED FOR THE DEVELOPMENT PERMIT, THEN AN APPLICATION FOR BUILDING PERMIT MAY BE COMPLETED.

The Municipality of Pilot Butte requires and issues building permits because, by law, it is required that the municipality will administer and enforce the Provincial Government's Uniform Building and Accessibility Standards Act. This Act states that: the owner of each building in Saskatchewan shall ensure that the building is designed, constructed, placed, altered, repaired, renovated, demolished, relocated, removed, used or occupied in accordance with building standards. We would like to draw your attention to the following regulations and policies in effect in the town when commencing development. Please call 781-4547 for further information.

- Please note below that the development permit expires in one year and building permits expire 6 months from date of issue if work is not commenced within that period, or if work is suspended for a period of (6) six months.
- An extension of 6 months for building permits and one year for development permits may be granted by the town development officer.
- Permit costs are based on the number of inspections required.
- Noncompliance with building regulations and permits will result in additional inspection costs that will be charged back to the permit holder.
- Noncompliance after the permit and extensions expire will result in having to purchase a new permit.
- Contravention of building bylaws will result in fines according to the Town General Penalty Bylaw No. 14-2011.
- Unpaid costs resulting from non compliance will be added on to the property taxes.
- You must notify the town office of the start, progress, and completion of the project.
- All arrangements for inspections must be made by the permit holder.

The Development Permit and Building Permit can be obtained at the Town of Pilot Butte Town Office.

**Specific questions regarding development or zoning
should be directed to the Town of Pilot Butte at 781-6252.**

The building standards regulations require the town to employ a qualified building inspector for all residential and commercial building permits in the town. "Professional Building Inspections Inc." has been retained to do plan reviews and inspections on our behalf.

**Specific questions regarding building plans or actual construction
should be directed to Professional Building Inspections Inc. at 536-1799.**
